TO CALL OFF THE STOCK YARD STRIKE

Unions in Chicago Intend to Abandon the Contest This Morning if They Can Agree on a Basis.

Chicago, Sept. 5.—Indications tonight are that the stock yards strike begun two months ago will be called off within [illegible] hours.

Through the medium of a middleman negotiations were begun today in an effort to secure an understanding with the packers on which the striking unions can rely as a basis for abandoning the strike tomorrow morning. It was admitted tonight by Secretary Tracy of the Allied Trades council of the unions on strike that a message opening up such negotiations had been delivered today to representatives of the packing firm by W. E. Skinner, general agent of the Union Stock Yards and Transit company, acting as a middleman.

According to the plans tonight an answer is to be submitted tomorrow by the packers in time for it to be reported at a special meeting of the Allied Trades council. This meeting has been called for early in the forenoon. Special meetings for all the local unions involved in the strike have been called for tomorrow.

If the packers give satisfactory assurances to the strikers messengers will be sent at once to the gatherings of the local bodies. The unions, it is said, will then vote on discontinuing the strike and their referendum vote will be reported at once to the meeting of the allied trades council.

TEMPLARS READY FOR PARADE

Visiting Commanderies Have All Arrived—Earl of Euston Greeted With Ceremony.

San Francisco, Sept. 5—The local committee of the Knights Templars tonight checked off its entire list of visiting commanderies. A few California commanderies have yet to report, but they are scheduled to arrive in ample time for the great parade tomorrow. Today was one of the greatest activity for the reception committees and the Sir Knights detailed for escort duty. Train after train brought tired but cheerful Templars and their ladies, and the uniformed visitors were escorted to their various quarters to the accompaniment of patriotic music.

Among the arrivals today were the following: Allen, No. 20, Pennsylvania; Boston, No. 2; Chicago, No. 19, Illinois; Central, No. 25, New York; Corinthian, No. 53, Pennsylvania; Coeur D'Leon, No. 17, Pennsylvania; Baldwin, No. 2, and Denver club, of Colorado; Grand Commandery Florida, of Florida; Kansas City, No. 10, Missouri; St. Mary, No. 36, Pennsylvania; Mount Vernon, No. 73, Pennsylvania; Grand Commandery of Minnesota; Ottawa, No. 10, [illegible] Grand Commandery of Illinois; Ivanhoe, No. 24, Wisconsin; Marion, No. 4, of Kentucky.

A notable event was the coming of the Right Hon. The Earl of Euston, the most eminent and supreme grand master of the Great Priory of England and Wales. When the earl's special train arrived four mounted troops of Templars and two of foot stood ready to receive him.

As the earl's car drew up to the station a committee representing the grand master and California commanders, followed by the citizens committee, filed aboard the car and were introduced to the distinguished visitor in the front section of his car. They were introduced by Past Grand Master Reuben H. Lloyd. As the earl stepped smiling toward his carriage the band burst into lively melody, and with spirited music the procession moved forward in its course to the headquarters at the Palace hotel.

The arrival of this delegation from across the sea was more replete with ceremonial than that of any other of the visitors to the conclave.

Tonight the visitors enjoyed the various drills, the concerts and entertainments provided for their amusement, one of the most popular proving a Chinese play by Chinese actors at one of the local playhouses.

The contest for the next triennial conclave is already on in earnest, the Knights from Chicago and New York having launched their canvasses in behalf of their respective cities.

LOST FIRST; TIED SECOND

Last Game Drew Record-Breaking Crowd.

,500 PEOPLE PRESENT

DENVER WON FIRST GAME THROUGH ERRORS, WHILE THE SECOND CONTEST WAS CALLED IN TENTH WITH A TIE.

By Ellsworth Gwerholt.

By way of celebrating their farewell performance before a local audience, these Millionaires yesterday lost the first half of a double bill and tied the wind-up after 10 strenuous innings, while over 5,000 of the holiday populace looked on. Scores [illegible] and 7 to 7.

It was by far the best and biggest crowd that has assembled at the ball park for many months and the only regret of the tried and true was that those Millionaires didn't land one of the events. While the local team was cheered by thousands, Denver's doughty athletes were encouraged by a crowd of 300 rooters who occupied boxes and seats in the right-hand side [illegible] coin of the realm to back their favorites and at even odds some of the sports made a small killing.

The two V's were pitched into the front game and both pitched each other to a stand-off, seven hits denting each twirler's pitching record. Volleddorf had the better support, however, but he handicapped this by wildness in the eighth inning, when he walked three men.

Hallman's Hot Stuff.

Mr. Hallman, captain and general manager, when he perceived that Vollendorf was disintegrating, endeavored to inject a little hot stuff into the closing rounds by some of Hostetter's best. As a human [illegible]-line Mr. Hostetter is deserving of a Carnegie medal, for he gave but one hit during the short time he officiated. Mr. [illegible]ttzell should also be mentioned as assisting Mr. Hostetter, because it was he who rushed across the grass plot and tendered his tobacco box to the life saver as a reward if he would win the game. Mr. Hostetter ate the contents of said reward with great eclat.

LABOR DAY WAS SPENT IN OPEN

PEOPLE DESERTED THE CITY TO PARTICIPATE IN OPEN AIR EVENTS—NO FORMAL CELEBRATION.

Labor day was observed quietly in Colorado Springs. The weather was ideal and hundreds spent the day at the various mountain resorts. There was no general celebration, or Labor day parade or picnic planned.

The banks, the city and county offices and the majority of the business houses closed for all or a part of the day, and the postoffice closed at noon. From nearly all of the buildings of the city the national colors floated from early in the morning.

The big celebration of the state was in Denver. It was participated in by labor unions from all over Colorado. Large delegations went up from Pueblo and Colorado Springs. The local carpenters and the printers sent especially strong delegations.

The Caledonians held their seventh annual games at Cascade yesterday, and a large crowd of excursionists and picnickers went along with the society and the athletes.

The Short Line and Midland carried big crowds to spend the day at its re[illegible] park there was a large crowd and many picnic parties spent yesterday picnicking in Cheyenne canons, at Manitou, along the Cog road, and at the other pleasure resorts.

EBEN SMITH IS STRICKEN

ONE OF THE BEST KNOWN PIONEERS AND FORMER CAPITALISTS OF COLORADO SERIOUSLY ILL IN CALIFORNIA.

Denver, Sept. 5.—Eben Smith, one of the pioneers and fortune makers of Colorado, suffered a stroke of paralysis at his home in Los Angeles, Cal., yesterday. A telegram received in Denver this morning by a friend was the first news of the serious illness of Mr. Smith who spent forty years of his life in Colorado. Three years ago, having disposed of practically all of his active business interests, he removed to Southern California to spend the remainder of his days.

Kuropatkins Defeated Army Is Unable to Make a Stand at Mukden and Hasty Preparations Are Being Made For Its Evacuation.

Field Marshal Oyama's Forces Are Pressing Him on Rear and Flank and He Is Still In Danger of Annihilation—Total Casualties at Liao-yang May Exceed 50,000.

MUKDEN, SEPT. 5.—PREPARATIONS FOR THE EVACUATION OF MUKDEN ARE PROCEEDING. THE JAPANESE ADVANCE IS WITHIN THIRTY MILES.

ST. PETERSBURG, SEPT. 5.—IT IS REPORTED AT A LATE HOUR THAT GENERAL KUROPATKIN'S REAR GUARD HAS BEEN ALMOST ANNIHILATED AND THAT THE MAIN RUSSIAN ARMY IS IN IMMINENT DANGER OF BEING SURROUNDED.

COMPLETE SUMMARY OF THE DAY'S WAR NEWS

The forces of Kuropatkin and Oyama are racing for Mukden. This much stands out in the news of Monday and is indicated in a report forwarded by Kuropatkin, who says that his retreat is being conducted in perfect order though the Japanese on Sunday repeatedly attacked his rear and continued the attack until Monday. The result of the race is in doubt. The united Russian forces are now north of Yental, a station on the railway about ten miles northeast of Liao-yang. They are pushing on to Mukden, which the bulk of Japanese forces is marching direct, after having swarmed across the Tai-tse river. A strong Japanese flanking column is about 30 miles northeast of Liao-yang and is trying to get between the Russian forces and Mukden.

With this race in progress there came a brief dispatch from Mukden saying that preparations for the evacuation of that place are proceeding. This report, if well founded, as is pointed out in the Associated Press St. Petersburg dispatch, would mean the abandonment of the whole southern Manchuria and the winding up of the present campaign.

It was reported in St. Petersburg at a late hour Monday night that Kuropatkin's rear had been almost annihilated and that the main Russian army was in danger of being surrounded.

Kuropatkin in his report makes no mention of the abandonment of the guns at Liao-yang, rumor to which effect is in circulation. Advices from Port Arthur by way of Che-foo bring the fighting there up to September 2, and says that the Japanese losses were very heavy.

St. Petersburg, Sept. 6—3:20 a. m.—It is impossible at this hour to obtain any statement from the authorities regarding the reported preparations for the abandonment of Mukden.

This is the first intimation that such a course is contemplated. If it turns out to be true it means the abandonment of the whole of southern Manchuria and the winding up of the present campaign.

In fact should Mukden be evacuated there would be no point [illegible] the army of a quarter of a million, with its many wounded, short of Harbin.

On the other hand the evacuation of Mukden would give Field Marshal Oyama commodious winter quarters and the practical control of two lines of railway. The Kinchow-Hsinmintin line, tapping rich Chinese territory, stops little short of Mukden, with which it is connected by a good wagon road.

The report of the prospective evacuation of Mukden, if well founded, would indicate that the crippling effect of the Liao-yang fighting on Kuropatkin's army is more serious than has been intimated.

BRITISH EXPERTS LOOK FOR ANOTHER DESPERATE BATTLE

London, Sept. 6.—The race of General Kuropatkin for Mukden enthralls the British press and public and military and other critics scarcely dare venture a definite surmise as to its result.

The best opinion inclines to the belief that Kuropatkin will get through with a respectable remnant of his great army, thus robbing the Japanese of the complete fruits of their victory but it is realized that the Russians will not be out of the woods for several days.

The latest report is that General Kuropatkin is once more in danger of being cut off and it is believed here to be likely that this report will be repeated several times before the issue of the sanguinary struggle is decided. The English critics base such opinions as they have on the immediate topographic difficulties General Kuroki must overcome before intercepting Kuropatkin, who, they hold, has shown ability to take advantage of every phase in the strategy of retreat. If Kuroki now succeeds, after failing in the initial attempt, he will have accomplished in English eyes, an almost superhuman achievement.

Here it is almost taken for granted that a Japanese occupation of Mukden must quickly ensue. No serious English critic supposes that Kuropatkin will dream of making such another attempt to stem the Japanese advance as he did at Liao-yang. If the Russians can reach Harbin they will, according to English opinion, be lucky.

Before that becomes a question of moment, however, it is expected that desperate engagements must be fought and the Japanese are expected to risk even heavier casualties than they sustain at Liao-yang in the final endeavor to annihilate General Kuropatkin either on the way to Mukden or in the neighborhood of Mukden itself. The fate of Kuropatkin's force depends, say the English observers of the struggle, in which they are so vitally interested, upon the Russian general's ability to confine these efforts to rear guard actions.

General praise is again accorded the Russian commander for his temporary extrication and to the Russian troops for their splendid discipline in defeat. They say that if the genius of Kuropatkin and the morale of his men had not been so strikingly brought out in the recent dispatches there would be scarcely an English paper today that would not decide the fate of General Kuropatkin's entire force already sealed.

Spencer Wilkinson in the Morning Post points out that if General Kuropatkin endeavored to retreat in single column his transport and force would be so large that his first army corps would have been marching three days before the second could start to follow it. The railroad is of little use to him, Mr. Wilkinson asserts, and he says that Kuropatkin must be retreating in a series of parallel columns, each not larger than one army corps, and behind these the rear guard.

"If Kuropatkin can move his army over the thirty miles that separate Yen-tai and Mukden," Mr. Wilkinson says, "he will break the record for such performances. The Japanese columns will have little difficulty in coming up with his rear guard and engaging it whenever they please."

LOSSES NEARLY 50,000 MEN

Kuropatkin Estimates His Casualties at 16,000 and Those of the Attackers Nearly Double.

St. Petersburg, Sept. 6.—1:55 a. m.—Kuropatkin estimates his losses up to and including September 4 at 16,000. This is considered to be a very conservative figure. The loss to the Japanese probably will be double this number owing to their position as attackers. Kuropatkin says nothing regarding the loss of guns, but it is believed some of the heavier emplaced guns at Liao-yang had to be abandoned.

There is no truth either in the report that Kuropatkin has been wounded or that Lieutenant General Linevitch is moving to his support. General Linevitch is still at Vladivostok.

A summary of the war situation to date shows that the whole Russian army, or at least the main portion of it, is already above Yental station and is pushing on toward Mukden.

Field Marshal Oyama's [illegible] has [illegible] the Tai-tse river and part of it is hanging on to Kuropatkin's flank.

A [illegible] flanking column on the east is [illegible] rapidly north in the effort to head off the Russians.

Against this column General Kuropatkin has sent out a strong cavalry division [illegible] the north[illegible] which it is [illegible] is already in position to [illegible] the Ja[illegible] flankers while in the [illegible]

[illegible] 20 miles east of Mukden, to [illegible] any interference that may [illegible] the [illegible] of [illegible] advance is reported to be engaging the Russian rear, but it is not expected to develop anything more serious than a series of rear guard actions tending to harrass Kuropatkin's retreat.

The Japanese have thrown a strong flank into column across the Tai-tse river at Benitzu, about 30 miles northeast of Liao-yang. This column is hurrying to the northeast and endeavoring to get in between the Russian army and Mukden. It is against this movement that Kuropatkin has despatched General Rennenkamp with a strong Cossack division, which it is believed is already blocking the eastern high road. Kuropatkin has three roads over which he is marching toward Mukden, beside the double tracked railroads. The latter is chiefly occupied in the transportation of guns and of [illegible], of which there is a great quantity. The [illegible] are marching in light order, and most of the wounded have already been dispatched north by rail.

General Kuropatkin in a telegram to the general staff filed at 1 p. m., September 5, north of Yen-tai, says the Japanese on Sunday engaged his rear guard south of Yen-tai, the fight continuing [illegible]. The [illegible] details the [illegible] taken [illegible] the [illegible] flankers.

REPUBLICANS MEET TODAY

COUNTY CONVENTION WILL BE CALLED TO ORDER AT 10 O'CLOCK THIS MORNING.—176 DELEGATES TO ATTEND.

A big day's work is ahead of the Republican county convention which will be called to order at the county court house at 10 o'clock this morning by Chairman R. L. Chambers of the county central committee. The 176 delegates elected at the primaries last Saturday will be present to place in nomination a full county ticket and elect delegates to the judicial, senatorial and state conventions of the party.

A call has just been issued for the representative convention for Teller and El Paso counties, which is set for September 15 at 4 o'clock at the court house in this city. El Paso county has 61 and Teller 24 delegates to the convention. Six representatives to the Fifteenth General Assembly will be nominated. The senatorial convention has not yet been called.

The judicial convention will meet in this city September 13 to nominate a district attorney.

The state convention meets in Denver on September 14.

LABOR DAY PARADE IN CRIPPLE CREEK

Biggest Demonstration in the History of the District—More Than Eight Blocks of Working Miners in Line.

Special to the Gazette.

Cripple Creek, Sept. 5.—For the first time in the history of the state, and especially in this district, was a labor day celebrated with all non-union men in parade. Today, in unbroken rank, nearly 5,000 of the workers of the district marched through the streets of this city and Victor.

One thousand men wearing badges [illegible] arrived in this city early this morning from Victor and Goldfield and were soon in line in the greatest labor celebration ever held in the greatest gold camp on earth. Eight blocks were occupied by the miners alone, marching in a solid column of fours, the procession being fully a mile long. City and county officials, Elks, National guardsmen, Grand Army veterans and others increased the parade so that it covered a space of over 16 blocks and required over 30 minutes to pass a given point. It was lead by Marshals Williams and Godfrey, followed by Shreiber's band. One hundred Elks in the regulation duck trousers, purple caps and serge coats, 52 members of the two companies of local guardsmen, a platoon of mounted police, Sheriff Edward Bell and mounted deputies, Mayor Shockey and city officials, fire department, Victor band of 30 pieces, 3,500 gold miners and about 60 members of the Cripple Creek club.

There were in the parade at least [illegible] were 165 mines represented in today's [illegible]

Not the least interesting feature of the big parade was the multitude of banners with significant devices borne by the miners. Among the inscriptions and mottoes were the following:

"We entered the opening wedge which broke the strike." This banner was carried by the El Paso employes who completed the great drainage tunnel in August and September of last year against the opposition of the Western Federation of Miners. These men also opened the first mine to operate after the strike was called and were given the position of honor in the parade.

Other banners bore the following legends:

"We Keep on the Move."

"We Have No Salaried Agitators."

"We Do Not Desecrate the American Flag."

"Cripple Creek Is Still in America."

"We Grease the Wheels of Com[illegible] [illegible] the Spoke."

"We Still Own the District."

"This Looks Good to Us."

"We Honor the American Flag."

"151 Shipping Mines in the Camp."

"Our Cards Are Free if You're Right."

"Our Soldiers Do Not Oppress, They Protect."

"The Cripple C[illegible] [illegible] Been [illegible] Bees Right." This banner preceded the members of the Cripple Creek club.

"The Stuff's Off." This was a[illegible] [illegible] of No. 42, W. F. [illegible] helped to call the great strike on August 16, 1903, by appearing at the collars of the shafts and crying down the holes "Come out boys, the stuff's off."

"We Are Here to Stay." This banner was made to refute the boasts of the Western Federation of Miners, to the effect that the non-union men would all be run out of the camp before the Labor day.

"Three Dollars and Eight Hours." This motto is by way of refutation of the charge that the Cripple Creek camp would soon be on a starvation wage rate and that men would be working 12 hours per shift.

Another motto was "We Are Not Afraid to Shoot [illegible]"

Many persons were heard to comment on the difference between today's [illegible] and that of the [illegible] when [illegible] the Western Federation men from different parts of the [illegible] [illegible] city.

After the parade [illegible] which was [illegible] to Victor where the [illegible] disbanded again. Breaking up in that city the majority of people took the [illegible] for Gillett where the local [illegible] held a large barbecue and [illegible] afternoon program of sports, including [illegible] racing, coursing, cowboy races, gentlemen's driving races, foot races and other sports that go to make an afternoon's pleasure. In the coursing contest Joe Kenyon's dog, [illegible] of Colorado Springs, took second money while Paul [illegible], now owned by [illegible] brothers, of Denver, won first [illegible] [illegible] attended the picnic in Gillett.

In the other cities of the district a quiet day was passed, the usual few street fights took place, caused by liquor, but nothing of any importance.

ARGUMENT ON INJUNCTION

Application For Writ Against Citizens of Cripple Creek Heard in U. S. Circuit Court.

Denver, Sept. 5.—Before the United States circuit court today the arguments were made on the application for an injunction against the Citizens alliance and others of Cripple Creek to prevent interference with the store of the Interstate Mercantile company. Decision will be rendered tomorrow.

The complaint was vigorously attacked by the counsel for the defendants. Attorney Bryant said:

"We hold, your honor, that, if the court pleases, there is not a showing made that would warrant the issuance of this writ until our case has been heard at least.

"We do not deny that a state of turbulence has existed in Teller county. We deny that it exists now. There has been no trouble since the event referred to in this complaint. There is no need of this injunction.

"These plaintiffs, as the complaint will show, went into this district at a time when this turbulence was at its height. They bought the stock of goods and the stores of the Federation which was the source of the agitation. They further agitated these conditions. They [illegible]terested in or connected with the Western Federation, but they neglect to state that the plaintiff company is organized in the parent state of the federation, in Butte, the parent city, and they neglect to mention the facts that I have stated concerning their entering this county of Teller during the turbulent times to which they refer."

Attorney Samuel D. Crump stated that as far as his clients were concerned in this case that it was of little moment whether or not the injunction asked for was issued.

"What we are fighting and what we object to in this suit," he said, "is the imputation and insinuations against prominent, respectable and distinguished citizens of Teller county. They are charged with murder and other such crimes, and in order to attack these imputations and charges we have to fight this suit and the opening of this injunction is merely the first step. This company which we are informed and believe is backed by the Western Federation of Miners, wants to go back to Teller county to further agitate conditions which have been deplorable and which with the help of these citizens in favor of law and order, we have succeeded in quieting and pacifying. They want to add fuel to the flames and agitate this state of affairs which in the past has resulted in murder and the destruction of property. The facts concerning the troubles in Teller county are not as stated in this complaint. It is not the mine [illegible] responsible. It is the miners [illegible] and the former members of the Western Federation of Miners, which organization they could no longer tolerate."

Affidavits in answer to those filed by the plaintiff company and an answer to the complaint will be filed by the defendants within 15 days.

LABOR DAY CELEBRATION AT DENVER WAS A STATE AFFAIR

Denver, Colo., Sept. 5.—More than one hundred organizations marched in the parade here today in celebration of Labor day. Clarence S. Darrow of Chicago delivered an address at the labor union picnic, discussing extensively the actions of Governor James H. Peabody and the military authorities in connection with strikes in this state.

Beautiful floats, emblematic of the different trades, were numerous. One of the prettiest of these was that of the Smeltermen's union. On it were seated a hundred little children, the girls in white and the boys in their Sunday best.

Outside unions were more largely represented than in the past. This was partly because of the [illegible] with celebrations in other places and partly because the Denver unions wanted to make a bigger display than ever before in Denver.

Pueblo was represented by a [illegible], Central City, [illegible] Springs, Colorado Springs, Russell Gulch and other cities [illegible] the state also had men in line.

The [illegible] unions [illegible] and probably the [illegible] valuable float [illegible] labor [illegible] union. It was a miniature mining camp carved out of wood in years of painstaking effort by John Shpia. It is valued at $5,000.

Conspicuous in the line of parade were the Plumbers union of Colorado Springs, Tin and Sheet Workers from the same city and several from Colorado City.

About 150 Cripple Creek deportees were in the procession.

They were headed by President Charles H. Moyer and Secretary William D. Haywood of the Western Federation of Miners, and John M. O'Neill of the Miners Magazine.

Mr. Darrow said he did not condemn the hatred for Governor Peabody, that some people appear to have because he believed that the governor had done only what others [illegible] the [illegible] position as the representative of a class fighting against a class. NELSON WINS FIERCE FIGHT

[illegible] ROUND [illegible] [illegible] DOWN [illegible] WAS [illegible]

Butte, Mont., [illegible] In the [illegible] of the [illegible] Battling Nelson of Chicago, before 17,000 people, was this afternoon given the decision over Aurelio Herrera, the Mexican. [illegible] the tap of the bell the two lightweights waded into each other with [illegible] and [illegible] Nelson carried the fight to Herrera [illegible] without [illegible] through all the twenty rounds.

Herrera scored the only knockdown of the fight, sending the Chicago lad to the floor with a hard right on the jaw and Nelson took the count of nine. Under the rules Herrera was obliged to [illegible] could get at Nelson [illegible] the latter had [illegible] partially from his [illegible] and was able to block the rain of blows the Mexican was swinging wildly at him. Herrera in his frantic effort to land a knockout dropped his guard and Nelson with a right swing caught the Mexican on the side of the jaw, staggering him. A rush of Nelson then sent the Mexican up against the ropes and Nelson, although [illegible] himself, appeared to have the best of the fighter [illegible] The gong saved a knockout. [illegible] an unsteady gait.

The Chicago lad was fighting at [illegible] close quarters so as to place the Mexican at a disadvantage. Though Herrera [illegible] his blows lacked their former force and seemed to only sting the clever Chicago man into greater activity and fierceness. The capacity of Nelson to take punishment was marvelous and his tenacity in pushing the issue with the swarthy opponent following a rain of blows from the Bakersfield lad called forth prolonged applause.

In the twentieth round Herrera went after Nelson in a wild manner, his blows being cleverly blocked by the Chicago lad, who sent in rights and lefts to the Mexican's head with telling effect.

The men fought for a purse of [illegible] 60 per cent. for the winner and 40 per cent. for the loser.

PUBLIC WANTS AN EXPLANATION

DELAY OF LIBRARY BOARD IN MAKING APPOINTMENT IS CAUSING COMMENT IN COLORADO CITY.

The Woods library board seems to be having considerable trouble in electing a new librarian. The question came up again at the last meeting of the board, but no action was taken.

Miss Leona Lucas, the retiring librarian, during the four years of her service, has proved herself thoroughly competent, and by her strict attendance to business, has made many friends who feel that her resignation was caused by the long and inexplicable indecision of the library board.

It is to be hoped now that a successor will be appointed who will be equally as satisfactory.

The fixtures in the new Carnegie library have been completed, and the building is now ready for occupancy. Mr. E. R. Ripley completed the landscape work yesterday.

TIGERS MAKE JUNEAU AN OFFER

IT IS PRACTICALLY SETTLED THAT WISCONSIN ATHLETE WILL COACH COLLEGE FOOTBALL TEAM THIS FALL.

It is practically settled that the college Tigers will this year be coached by William Juneau.

Negotiations to that effect are now being carried on by wire with Manager W. E. Hester and Captain Loring Lennox of the college, and it is expected the deal will be closed today.

"Bill" Juneau is considered one of the best men that has ever been asked to coach a Colorado team. He played for four years on the University of Wisconsin eleven, three years as right end and one as halfback. He captained the team of 1902. He was picked for the All-Western team at end then, and was selected by Walter Camp as one of the best ends in the country when he was placed as substitute on the All-American team. Last season he took graduate work at the university and coached a High school team a few miles from Madison, winning the state championship. He is well known to Principal J. R. Richards of the High school, who is also a Wisconsin man.

Juneau is also a great pole vaulter, and has the reputation of being one of the best athletes in the west, and Colorado college will indeed be fortunate if it secures his services, as now seems probable. Juneau wants to come here, and the Tigers have made him an offer which they feel confident he will accept.

He comes of the old Juneau family that founded Milwaukee.

LORETTO OPENS FOR NEW YEAR

CATHOLIC SCHOOL WILL BEGIN FALL TERM WITH BRIGHT PROSPECTS — ENROLLMENT IS EQUAL TO LAST YEAR.

Along with the opening of the public schools today, Loretto academy will begin the fall work this morning. Loretto academy is the Catholic school conducted by the Sisters of Mercy in connection with St. Mary's church and everything points to a prosperous year.

The building has been renovated and put in firstclass condition for the opening of school. About the same enrollment as that of last year is expected.

Amusements.

The Wizard of Oz.

What is described as a new edition de luxe of "The Wizard of Oz" will be presented at the Opera house next week.

Henry Miller's Engagement.

"Joseph Entangled" is the title of the play in which the Henry Miller company, under the direction of Charles Frohman, opens at the Opera house next Saturday evening for an engagement of one night only.

That "Joseph Entangled" was given a production of the same importance that it has received in London is evident from the fine standing of the players who supported Mr. Miller in San Francisco and will be seen here.

York State Folks a Big Hit.

One of the marked dramatic successes of last as well as the present season, "York State Folks," has been secured for a date at the Opera house next Monday evening, September 12.

AT THE NOVELTY.

The bill at the Novelty last night pleased large audiences at both performances and set the pace for a lively week at this theater.

Barrington, the ventriloquist, was on the program, and Billy Graham, the "vaudeville wonder," brought down the house with his buck and wing dancing.

The Bennett sisters in character sketches and songs and dances were a good feature, and a female impersonator added to the mirth of the evening.

John Merrison, "the sweet Irish singer," was at his best and the illustrated song, "Ring Down the Curtain I Can't Sing Tonight," a pretty sentimental thing, was one of the features and the moving pictures showed some new and very interesting views.

THE NEW EMPIRE.

At the New Empire last night every seat in the house was sold before the curtain went up, and the theater was also well filled at the second performance.

The Biograph historical pictures of Marie Antoinette are realistic and very interesting. The work of the team, Holmes and Dean, is very musical and Bonnie Gaylord is certainly a hit. He was recalled many times.

The neat singing turn of Davey and Everson was encored time and again, and was satisfactory to young and old. The comical juggling and balancing act of the Willagrees was something extraordinary and the like has not been seen here before.

The Stanley Comedy company in "A Widow's Troubles," was a great surprise and was good from start to finish. The work of Burton Stanley, as the "widow," was a splendid bit of character work and Master Georgie [illegible] a bad boy very well. The "Judge," by Mr. Guy, and the "deacon," by Mr. Martin, were well acted [illegible] will undoubtedly be taxed the entire week.

Personal Mention

H. R. Carpenter, advance agent for "York State Folks," is registered at the Spaulding house.

Mrs. W. H. Durant of Topeka, Kas., is visiting her parents at 806 East San Miguel street.

PASTORS RETURN TO THEIR CHARGES

Only One Change in Local Methodist Pulpits. Rev. C. F. Seitter to Succeed Rev. F. A. Hawke at Colorado City.

The annual Colorado conference of the Methodist Episcopal church whose sessions at Pueblo closed yesterday, returned Dr. C. B. Wilcox to the First M. E. church of this city; the Rev. D. E. Kendall to the St. Paul's church, and the Rev. R. H. Ayres to the Asbury church. The Rev. C. F. Seitter was assigned to the Colorado City charge, taking the place of the Rev. F. A. Hawke.

That the local ministers have been returned to their charges in this city will be a source of gratification to the members of their congregations. The Rev. Mr. Ayres and Mr. Kendall have been in Colorado Springs but a short time, but have been successful in their work and their charges have prospered under their lead.

Dr. Wilcox was appointed to the First M. E. church of this city several years ago and under him it has grown and prospered materially. He is one of the leading divines of the city and has been active in all lines of Christian endeavor. He is a magnetic speaker and his sermons are eloquent and practical appeals. He has endeared himself to the church, which sent in a unanimous request that he be returned. That he will come back to his local field will be welcome news to the residents of the city as well as the first M. E. church.

The church has planned a reception to their returning minister this evening at 8 o'clock in the church. All the members of the various Methodist churches of the city are invited. The following program has been arranged for the occasion by the committee on arrangements, of which William Bonnex is chairman:

Organ selection, Mr. Schmidt.

Address of welcome to pastor, Judge W. S. Morris.

Response by pastor, The Rev. C. B. Wilcox.

Reading, selected, Mrs. Peyster.

Solo, selected, Miss Sandstedt.

STATE TENNIS IN DENVER

COLORADO SPRINGS WELL REPRESENTED IN ANNUAL TOURNAMENT AND MAKES GOOD SHOWING ON THE FIRST DAY.

Denver, Sept. 5.—The seventh annual tennis tournament of the Denver Athletic club began today. The Colorado contestants are from Denver, Colorado Springs and Fort Logan. Sam Neal, the western champion, is entered from Grand Encampment, Wyo., and J. C. Cunningham is credited to Kansas City, Mo. The Colorado Springs entries are Ed Kernochan, George Lockhart, Harry Davis, Jr., and C. P. Dodge. Lieut. Fleet and Captain Lincoln represent Fort Logan.

The first round was completed today and the following are the results:

First round, Canby defeated Kenyon 6-1, 6-1. Baker defeated Cunningham [illegible] Graham 6-0, 7-5. Harker defeated Fleet 6-2, 6-1. J. W. Graham defeated Lincoln 6-2, 6-2. Fennessy defeated Thompson 6-2, 7-5. Kernochan defeated Harrison 6-4, 7-5. Bannister defaulted to Lockhart.

Second round, Kernochan defeated Fennessy 6-0, 6-2. J. W. Graham defeated Lockhart 6-2, 6-2.

One series of doubles was played. In this contest Neel and Harker defeated Fleet and Lincoln 6-2, 6-0.

RIFLE SHOOT

Colorado Springs Team Finishes Fourth in Annual Tournament of Colorado Clubs.

Denver, Sept. 5.—The ninth annual shoot given by the Colorado Rifle club on the rifle range near Golden closed today. It has been one of the most successful shoots ever given by the club.

The Adolph Coor's trophy, a handsome silver cup, was won by the Denver Gun club. The Leadville club was a close second and the Central City club finished third.

The scores of the different club in the shoot for the trophy are as follows:

Denver—King, 90; Peterson, 89; Hendricks, 73; Davis, 71. Total, 323.

Leadville—Franch, 86; Armstrong, 82; Abbott, 77; Lowgin, 81. Total, 320.

Central City—Green, 83; Laird, 83; Asquist, 66; Aren, 66. Total, 296.

Colorado Springs—Wright, 75; Hodgins, 70; Davis, 70; Harlin, 68. Total 283.

The shooting of D. N. King, of the Denver team, is considered excellent, he having made a record of 90 out of 100 with a high wind blowing over the field. This is the first year of the contest for the Coor's cup, which takes the place of the cup won last year by the Denver Gun club.

The trophy must be one three times in succession before it becomes the property of the club that wins it.

COLORADO SPRINGS TEAM LOSES AT GLENWOOD

Leadville, Sept. 5.—A special to the Herald-Democrat from Glenwood Springs says that the second day's polo game at Glenwood Springs resulted in a victory for the Tenth Cavalry team, of Fort Robinson, by a score of 12 to 1½ over the Colorado Springs second team.

MISSIONARY SOCIETY—The Women's Foreign Missionary [illegible] church will have a mite-box opening at its regular meeting this afternoon at 2:30 o'clock. Hot supper will be served in the church parlors at 6:30 p. m.

TUESDAY, SEPTEMBER 6, 1904.

A RUSSIAN "VICTORY."

DISPATCHES from St. Petersburg are somewhat contradictory as to what happened at Liao-yang, but it is evident that in the Russian language there is no such word as "defeat." A "reverse" followed by a "withdrawal" is the worst thing that ever happens to Russian troops.

The American mind, being strongly in sympathy with the Japanese, sees in the recent titanic struggle at Liao-yang only an overwhelming Japanese victory. The Russian main army was driven from strongly fortified positions which they had selected as being best situated to withstand assault. These defenses were captured or abandoned and quantities of stores were destroyed to prevent their falling into the hands of the enemy.

The battle of Liao-yang, which will go down in history as one of the biggest, longest and bloodiest in all time, was a Japanese victory undoubtedly, but the question which the critics are now asking is: "Was it fruitless?"

Unfortunately the experts appear to be unanimous in answering "yes."

British opinion may be taken as in no way prejudiced in favor of the Russians or against the Japanese. They unite in declaring that the escape of Kuropatkin with his army in fighting condition marks the failure of the Japanese plans and makes useless the awful sacrifice of men.

Dispatches indicate that Kuropatkin has more than a remnant of an army and is conducting an orderly withdrawal to the north, able to withstand the rearguard assaults of such forces as the exhausted Japanese are able to bring into action. If so there seems to be good basis for the Russian contention that the result of the great battle was not wholly one-sided.

OPENING OF THE SCHOOLS.

WITH most promising prospects, the public schools of Colorado Springs open for the new year today, and the fall semester at Colorado college will begin tomorrow. It is gratifying to note that in all departments of school and college an advancement over last year has been made, and the work of the new year will be undertaken with every assurance of still further progress. With every year comes new changes and each year leaves an indelible mark of improvement over the year before; such has been the history of both school and college since their founding in Colorado Springs.

One of the important developments in the public school system is the evolution of manual training. While it will not be possible to put this work on the basis desired this year, it is announced that especial efforts will be made to introduce the bench and practical work in the schools of Colorado Springs next year. Already much has been accomplished in a small way; basket weaving and textile work have been taught in the lower grades with very encouraging results, and it is entirely probable that domestic science will be introduced this year. The value of work along these lines has been so thoroughly demonstrated that comment is unnecessary. It is a happy sign of the times that Colorado Springs is not behind the most progressive cities of the country in its educational system.

At Colorado college interest centers in the new engineering school which became a part of the college curriculum with the completion of Palmer hall. The electrical and engineering courses offer especial inducements to students pursuing these lines of work and their introduction in Colorado college, it is believed, will add materially to its already firmly established reputation. The equipment for this work has been purchased and installed at great expense and the best instructors obtainable have been engaged.

In all departments Colorado college is on a par with the larger institutions of the country and has played no little part in the upbuilding and the fame of Colorado Springs. The progress which the college has made and the [illegible] it is making under the administration of President Slocum are gratifying not only to its friends, but to residents generally, as a bigger and better Colorado Springs is inseparable from a bigger and better Colorado college.

Political Comment

HAVE LOST THEIR COURAGE.

If the Democrats would appeal to the enthusiasm of the American people, they must fight as they pray. The Brooklyn speeches fail to come up to the ideals of the St. Louis platform; now that the party orators are face to face with the voters on the hustings, their courage has weakened. Having, in their exalted moments, declared that protection, as a principle, is robbery and works incalculable harm to the people, they shiver at the polls. In a word, they shuffled on the tariff.—(N. Y. Evening Post.

A THORN IN PARKER'S SIDE.

The Indiana Democracy is known to the thoroughly Bryanized. It believes honestly in the peerless. Its convictions are not elastic enough to be changed in a twinkling. It refuses to admit that it was unsafe and insane in 1896 and 1900. The contemptuous tone of the eastern Democratic press toward Mr. Bryan makes his Hoosier followers sore. They don't want to be reorganized. They want Bryan. They don't pine for Judge Parker. If anybody can reconcile them to him and the new deal, their old chief is the man.—(N. Y. Sun.

Good Short Stories

CHILD'S TWISTED PRAYER.

When Aunt Clara, from Boston, came to visit her Washington nephew and his wife, not long ago, she discovered to her horror that the five-year-old son of the family had [illegible] evening prayer. The father and mother had very advanced ideas on the subject of religion, and the child's reasoning powers were not to be stunted by forced acceptance of dogma. They were not bigoted, however, and Aunt Clara was allowed to teach the youngster a prayer, with an added supplication for blessings on his parents. Aunt Clara drilled the boy carefully, and one evening the mother was bidden to steal in unobserved to hear how nicely the little fellow said his prayer. He rattled off "Now I lay me," in more or less jumbled fashion, and then he added, solemnly:

"Godless father and Godless mother, Amen."

It took Aunt Clara half an hour to convince the mother that the boy had been taught a supplication and not a comment.—(Washington Post.

MRS. CLEVELAND'S QUICK WIT.

A woman of Madison county, N. Y., was in Washington during the second term of President Cleveland and took occasion, with her husband, to go to see the president at one of the large general receptions. All was very new and grand to the York State couple, but the sight of the endless line of handshakers elicited the genuine sympathy of the old woman for the first lady of the land. No doubt her sympathy was considerably stimulated by her own weariness from long waiting and standing in line, which had about exhausted her strength as well as her patience. When she did finally reach the president and his wife she exclaimed:

"Mrs. Cleveland, be you very tired?"

With quick adaptability and very genuine earnestness Mrs. Cleveland replied: "Yes, I be."—(Philadelphia Ledger.

HE WAS "RAISED."

A year ago a manufacturer hired a boy. For months there was nothing noticeable about the boy except that he never took his eyes off the machine he was running. A few weeks ago the manufacturer looked up from his work to see the boy standing beside his desk.

"What do you want?" he asked.

"Want me pay raised."

"What are you getting?"

"Three dollars a week."

"Well, how much do you think you are worth?"

"Four dollars."

"You thing so, do you?"

"Yessir, an' I've been t'inkin' so fer t'ree weeks, but I've been so blame busy I haven't had time to speak to you about it."—(Philadelphia Ledger.

Mrs. Hughson, of Chicago, whose letter follows, is another woman in high position who owes her health to the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered for several years with general weakness and bearing-down pains, caused by womb trouble. My appetite was poor, and I would lie awake for hours, and could not sleep, until I seemed more weary in the morning than when I retired. After reading one of your advertisements I decided to try the merits of **Lydia E. Pinkham's Vegetable Compound**, and I am so glad I did. No one can describe the good it did me. I took three bottles faithfully, and besides building up my general health, it drove all disease and poison out of my body, and made me feel as [illegible] active as a young girl. Mrs. Pinkham's medicines are certainly all they are claimed to be."—MRS. M. E. GERMAN NAVAL OFFICERS AS SPIES

While on Pleasure Trips in United States They Visit Forts and Make Maps.

How many know that every German naval officer who is ostensibly taking a holiday in the United States is in reality a spy? That is the plain English word that best fits the case, though of course even the Germans do not call their officers in foreign countries by that name. The reason is that the German naval officer is never off duty. When on a holiday he is expected to go to foreign countries, where he must endeavor to visit arsenals, inspect battleships, and acquire as much information as possible, backed up by rough maps and sketches, all of which he sends to the German admiralty. Hence, when a German naval officer "visits" the United States, his "visits" to Fort Wadsworth and to our navy yards and ship yards are not entirely disinterested.

Every officer in the German navy is taught to sketch from memory, and, according to his skill in drawing, he is marked out for promotion. When the German training ship Charlotte, with the crown prince aboard, "visits" the United States, as she will in a month or two, on her cruise around the world, certain it is that the officers will go ashore and make "memory sketches" which will afterwards be made into maps. Thus, should Germany ever be at war with the United States, the fact that we have hospitably afforded opportunities for sketching our fortified positions will prove of immense advantage to the Germans. For every German experience in such matters is recorded, as I have said, for future use, and thus "holiday" experiences are utilized for checking, correcting, and enlarging German naval maps and charts of places not only in the United States, but also in all parts of the world. Turning to the German army, the same "memory sketching" and the same making of maps are expected of all officers "off duty," particularly in the United States and England.—(Gilson Willets' Berlin Letter in Leslie's Weekly.

TRUSTEES BEGIN MEETING TODAY

PRESIDENT LYNCH AND OTHER MEMBERS OF BOARD IN COLORADO SPRINGS FOR A TEN DAYS

The main object of discussion to come before the meeting of the board of trustees of the Printers home which opens this morning at 10 o'clock and lasts a week, will be the erection of the Cummings Memorial library addition to the home east of the city.

All the members are now in the city. W. J. White, of San Francisco, arrived Sunday and H. H. Rogers, of Chicago, yesterday. President James M. Lynch and John W. Bramwood, both of Indianapolis, Ind., and L. C. Shepard, of Grand Rapids, Mich., spent yesterday participating in the Denver Labor day exercises. A. H. McQuilkin, editor of the Inland Printer, accompanied them here last night.

BREATHE HEALING BALSAMS

Hyomei's Novel Way of Curing Catarrh. The Hefley-Arcularius Drug Co. Guarantees a Cure.

Two or three years ago when a physician had a patient who was troubled with catarrh, the prescription would be, according to his means, either to seek a change of climate, or to take a tonic or blood purifier. Today the advanced physician will tell his catarrhal patient to breathe Hyomei.

This novel treatment for catarrh consists of a hard rubber inhaler of a size convenient to be carried in the vest pocket or purse, a medicine dropper and a bottle of Hyomei. By its use it is possible to breathe while at home or at work, air which is almost identical with that of the mountains or health resorts where the air is laden with healing and health giving balsams.

No other medicine gives such prompt relief as Hyomei in the treatment of catarrh. The first breath soothes and heals the irritated and smarting air passages and its regular use for a few days or weeks will cure the most stubborn cases.

The Hefley-Arcularius Drug Co. will sell a Hyomei outfit with their personal guarantee to refund money if it does not cure. You run no risk whatever in buying Hyomei, for your word decides the question as to whether you pay for the remedy or not.

The complete Hyomei outfit costs $1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime; and additional bottles of Hyomei can be obtained for 50c.

CURE FOR HAY FEVER.

Hyomei is a positive cure for the sneezing, watering of the eyes, excessive running at the nose, and intense burning of hay fever. It soothes and heals the irritated mucous membrane and gives quick and lasting relief.

WHO FIRED SHOT THROUGH BANK DOOR

MYSTERIOUS BULLET HOLE FOUND IN DOOR OF COLORADO SAVINGS BANK — POLICE UNABLE TO ACCOUNT FOR SHOT.

A shot that was fired through the door of the Colorado Savings bank early yesterday morning has not been explained. The shot was fired from the inside of the building through the north door, and the bullet, a 32-caliber shot, was found upon the sidewalk by Officer Shepherd. When the matter was reported to Chief Reynolds, he detailed Detective Shultz on the case. A 32 revolver, containing one shell similar to that found outside was found under the counter in the bank, but no explanation of the affair has been offered to the police. The bullet struck the door about five feet above the floor.

It is thought that the bullet was fired off accidentally.

ENGLISH CAPTAIN COMES BACK TO VISIT CHILDHOOD SCENES

Son of Early Ute Pass Settler Has Been Leading British Army Against Boers—Tells Touching Story of Suffering in Transvaal.

Captain Arthur Lewis of the English army lately of Johannesburg, South Africa, and who had charge of the Boer exhibit at St. Louis, is a late arrival at the Cliff, Manitou. The captain is greatly interested in this part of the Pike's Peak region, having resided here 25 years ago at a point 24 miles north of Manitou in Ute Pass. His father was the owner of a large lumber outfit known as Fisher's mill.

In the flood of '81 young Lewis was compelled with other members of his family, to remain in the second story of their dwelling until the water receded, the family barely escaping with their lives. The captain will go over the ground of his former associations in the region while here.

"I remember that on Christmas day of 1880," said Captain Lewis yesterday, "one of the teamsters, with the horses and freighting outfit, slipped over a high bank in Ute Pass and was killed on the rocks below."

Speaking of the conditions in South Africa, when he left that country, the captain said: "Affairs are in a deplorable condition as all countries are after a war. I was in charge of the northeastern district of the transvaal during the Boer war. After peace was declared many cases of distress were found to exist, one that came to my notice being that of a mother and her daughter with two small children, who were found in an isolated place where the relief party, composed of Boers appointed by the English government was supposed to have gone, but this family had been overlooked and was found in a famishing state. They had been subsisting on a few kernels of boiled corn a day procured from the Kaffirs.

The captain was accompanied to this country by General Cronje.

WORDS OF ENCOURAGEMENT SPOKEN TO THE CITY TEACHERS

Fall Term of Public Schools Begins This Morning—Meeting Held Yesterday at Which Work of Year Was Outlined.

At 9 o'clock for the grade schools and 8:30 for the High school, the summer vacation will close this morning, and the 5,000 school children of district No. 11 will leave their summer's play and work and return to the work of the schoolroom for another year. The pupils will report at the buildings nearest their homes, and the students of the eighth grade, instead of reporting at the High school, will enter the Lowell, the Garfield, the Washington, the Steele, the Columbia, or the Lincoln, as is most convenient. Those who are sufficiently prepared to take up High school work will report immediately at that building.

All the teachers have returned from their summer vacations, rested and ready to begin work anew with greater interest and vigor. At the teachers' meeting yesterday, at which all the teachers of the district assembled, there prevailed a spirit of enthusiasm and readiness for work that forebodes a most successful year for the schools of the district.

Teachers' Meeting.

The annual teachers' meeting, which precedes the opening of school each year was held yesterday morning at the High school building. The meeting was opened with some well-rendered vocal selections, after which Superintendent John Dietrich made a few introductory remarks.

In his address of welcome George Elston, president of the board of education, spoke of the bright prospects of the coming year, and of the growth of the educational system of Colorado Springs during the past several years. Superintendent W. K. Argo of the Colorado School for the Deaf and Blind, who was present, made a few brief remarks, telling how anxious he was to get back into the work.

J. R. Richards, the new principal of the High school, also made a short speech. He said that he was glad to be among the teachers of this city and to be a part of Colorado Springs' educational system, which he had already seen enough of to know its excellence. He spoke of his intention, as principal of the High school, to keep in touch with the grade schools, of which the High school was but one step higher.

When at a Disadvantage.

"The teacher at a Disadvantage" was the subject of a masterly and interesting paper of Superintendent John Dietrich. He spoke of the broader preparation and teaching skill now necessary for a successful teacher, and emphasized the thought that one should seek to do that for which they are best fitted. It is the purpose of education to do for others, and the teacher is the medium. In other words, the teacher is a term for a nurse or caretaker. The teacher cannot destroy nor create, but may nurse or starve. Most teachers, he said, enter with an earnest desire for success.

At the close of Mr. Dietrich's address, Secretary F. M. Maris read the formal assignments of teachers, and the 189 teachers then received their first formal notice of their various positions for the coming year. O. E. Hemenway was the other member of the board of education, the others sending in their regrets.

STEADY STREAM OF STUDENTS IS POURING INTO COLLEGE

Students registering for the year at Colorado college are thronging Dean Parson's office every day now, and during his office hours, from 9 to 12 a. m. and from 2:30 to 5 p. m. a constant stream of new and old students is pouring into the executive offices in the northwest corner of Palmer hall. A large number of students were enrolled yesterday and it is expected that a still greater number will be today.

The college opens tomorrow at 8:15 a. m. and then the "heavy" work of registering the hundreds who have not as yet put in an appearance will commence. An enrollment of 600 is expected. Tomorrow will be devoted to registering and the assignment of schedules. Work will begin in earnest Thursday.

Nearly all the members of the faculty have returned from their summer's vacations, and are round the campus getting ready for the opening of school.

The out-of-town students are arriving on every train, and it is expected that most of them will be here by tonight as today is the day for the opening of the residence halls.

DEAF-BLIND PUPILS WILL NUMBER 150 THIS YEAR

The Colorado school for the Deaf and Blind opens for the year's work on Thursday morning, and Superintendent Argo, under whose efficient direction the institution has been for a number of years, is looking forward to another successful year's work. About the same enrollment as last year, or 150, is expected.

There have been three changes in the faculty of the school. The place left vacant by the resignation of Mrs. F. I. Walker, who was Miss Flora Dole, is to be filled by Miss Alma Chapin, of the Wright Oral school of New York. Miss Chapin is a former teacher at the local school. Miss Olga Gebhart also of the Wright Oral school, is another new teacher, taking the place of Miss Lee who resigned to accept a position with the Kentucky school.

There will be one new teacher, Miss Mary Etta Thedinga, who was elected to take charge of the new department of manual training. She will take up her duties with the opening of school. All the new teachers are excellently qualified for the work to which they have been chosen, and will prove a strengthening to the faculty.

CHAPMAN CHOSEN CHAIRMAN OF THE YOUNG MEN'S CABINET

[illegible] the Y. M. C. A. last night, Mr. H. R. Chapman, who is prominently identified with the religious life of the city, was chosen chairman of the cabinet and Albert Ellingwood, secretary. The cabinet is the executive committee of the boys' department, and is composed of the chairmen of the various committees. The members are as follows: Alfred Knight, chairman of the committee on religious work; Frank Cheley, educational work; Philip Nehe and Ernest Sinton; Albert Ellingwood, membership; social, Howard Esch, social; Hubert Hopkins, reception; Earl F. Foster, music; Charles Butner, house; Glenn Shaw, hiking. The six members of each committee will be announced later.

A boys' working committee has just been appointed to direct the work of this important department. C. P. Dodge is chairman, and the other members are H. R. Chapman, William G. Lennox, K. C. Sharer and L. L. Radford. The committee will hold its first meeting this afternoon at 4 o'clock to get things in running order for its work.

Under the efficient direction of Secretary J. G. Arnold, the boys' department has had a prosperous fall, and with the new features of [illegible] its scope will be widened.

This department is at present very active. Thursday a meeting will be held to organize football teams, and Friday evening at 8 o'clock a debating society will be organized.

SCOTS HOLD FIELD SPORTS

CALEDONIAN SOCIETY GIVES ITS FRIENDS A DAY OF PLEASURE AT CASCADE—THE WINNERS WAS ON THE PROGRAMME.

More than 300 people, Scotchmen and their friends, attended the annual Caledonian picnic held at Cascade yesterday.

It was a jolly crowd that indulged in merry making from the time they started until they returned. The day was ideal and everything passed off according to program without a hitch. Two pipers in full Highland costume furnished the music for the affair, and came especially from Denver to aid in making this picnic one of the biggest and best that the Caledonians have ever had.

All sorts of sports were on the program, from the girls' race, which was the opening feature to that old Scot game called tossing the caber. Prizes had been offered by merchants of the city, and the contests were close and exciting.

Included in the list of winners were the following: 100 yard dash, Robert Cameron; quoiting match, John Golly; ladies race, Miss Thompson; tossing the caber, Robert Cameron; high jump, Lindsey Thompson; pole vault, Robert Cameron; sack race, [illegible]; three legged race, T. D. Hetherington; putting the shot, Robert Cameron; 100 yard dash, Robert Cameron.

The silver cup offered by the society to the member scoring the greatest number of points was won by Mr. Cameron, defeating Mr. Lindsey Thompson by one point. Should Mr. Cameron win this cup again next year, he will become the possessor of the trophy, the condition being that the owner of the cup shall have won it three times in [illegible]. This is Mr. Cameron's second [illegible] winning.

HIBBARDS

Organdie Writing Paper 25c box 100 sheets. Envelopes 10c pkg.

All the new Fall shades are more brilliant than those of the Summer season.

The golden and chestnut browns—the lighter browns such as bisque, Khaki and tans, the new blues, myrtle and lizard greens, and the new greys in the order named are the leading Fall colors—Black and Navy Blue are not placed as they are now recognized as staple colors always worn and always stylish.

OUR SPECIAL

Taffeta Silk

You know what a good taffeta silk we have always sold for 89c.

Well, this fall, on account of a slight decrease in the prices of raw silk, and a step below in the manufacturers, we are able to give a much better silk than ever before at this price.

We will guarantee this silk to be equal in appearance and wearing quality to any silk retailed at $1 yard.

Forty of the newest fall shades have just been received and we are now showing an assortment of one hundred and twenty-three different colors—the largest line ever shown in this city.

Latest colors include many entirely new shades, such as Oignon, Bois de Rose, and Lumiere, new brown, rose and green shades, respectively.

Also the new golden browns, chestnut browns, reseda and myrtle greens, pearl and darker grays, bisques and navys.

You Can Depend Upon It.

That Stirling Black Silks will wear longer than any other, that has been the experience of hundreds of our customers who buy Stirling Black Taffetas exclusively.

High priced? Well, no! Not when you consider that a yard of 36-inch Stirling at $1.50 is equal to two yards of ordinary 19-inch silk which you would consider cheap at 75c.

The price of Stirling Taffeta is 95c for the 22-inch width and $1.50 for the yard-wide.

Stirling Gros Grain, 22 inches wide, sells at $1.40 and the 22-inch Louisine at $1.15.

Fancy Silks for Suits & Waists

Separate silk waists in bright plaids and showy colorings as well as the neat effects so popular this summer are the proper thing for Fall wear.

We are showing a line of white silks with embroidered Persian dot and peacock-eye effects which are exclusive styles you will not see elsewhere. Priced at $1 and $1.25.

Then there's a line of plaid effects at $1.00 yard that will make some [illegible] waists.

The new silk [illegible] silk weave similar to mohair, but much [illegible] are the newest as well as the [illegible] serviceable silks brought out this [illegible]. Just enough color to give them a rich and handsome appearance. Another of our excellent $1.00 values.

CRIPPLE CREEK IS BUSY

Thousands of Miners at Work Upon the Big Properties or Upon Their Own Leases.

Special to the Gazette

Cripple Creek, Colo., Sept. 5.—Colorado's great gold camp has a way of keeping in the lime light. If it is not one kind of a strike on it is another being made. It is never quite never out of mind. There is always something doing.

Reports of new finds of gold roln like those of the rapid fire guns at Port Arthur the stream of gold coming from its mines is growing to [illegible] and stocks are beginning to get dizzy.

[illegible] other camp on which the general prosperity of the mining industry so much de[illegible] [illegible] at its best other mining camps are sharing its prosperity.

Cripple Creek is [illegible] best. Business in all commercial lines is better today than it was before the strike. Grocerymen, dry good merchants, furniture and hardware dealers are selling more goods. The machinery makers are finding a strong demand for new plants for the mines and all these speak eloquently of better times in towns and mines and the wants of the householders better supplied.

Only one class of retailers in camp are complaining of hard times and lamenting the trade that was theirs before the strike. They are the saloon keepers. Men who are busy at work making their homes happy and who are looking to the future of themselves and families have less time and less desire to spend their hours and cash for liquor than have those whose chief aim in life is to foment trouble for their [illegible].

Looking Forward.

The men now working in Cripple Creek mines are of the class that looks forward to the time when they will be owning mines and employing men.

Many of them stepped last year from [illegible] week passes without bringing some such change in the camp.

The lease system is the mean of transition. Under it one man working in a mine of the surplus of his wage above his own and family expenses may "grubstake" two of his miner friends, provide them enough to live on, buy powder and fuse and coal for blacksmithing while the two drill and shoot their way to some point in an [illegible] mine where they have [illegible] to believe a body of ore is to be [illegible]. They have taken a lease from some mine owner who had not the same reason to believe the ore would be found there and therefore would not work it himself. If they are correct in their suspicion the ore found will, while paying a small royalty to the owner as rental, make the workers and their grubstaker all wealthy and so mutually benefit those who did the work, the one who worked to feed them while they did it and the owner of the ground. If they fail in the one [illegible] they have a saying "My [illegible] will come" and go at an other.

Wages Are Good.

Because the wages are high and these opportunities greater than in any other mining camp the men who look forward to this sort of thing fought hard for their lives and the privilege to continue to live and work in the camp without the consent of any [illegible] or body of men.

Probably half of the 6000 men working in Cripple Creek are in this wise dividing their [illegible] with fellow miners working here or elsewhere, and all looking forward to that day when they will be mine owners. You all are grub staking men on Cripple Creek leases. Some are backing prospectors who are out scouring the undeveloped hills in the hope of finding hidden treasures of nature's wealth that no man has ever claimed, others have men working in other camps until it is safe to say that there is scarcely a [illegible] mining section of the American continent that is not being exploited to some extent with Cripple Creek gold.

In this system of spending the money made or earned in one mine to seek new riches in another the miners [illegible] not [illegible]. The mine owners do the same thing. Cripple Creek [illegible] Mexico and British Columbia in every state that lies between in Alaska in Chile and other South American [illegible]. Mining is a passion with the [illegible] and the millionaire mine owner alike.

Ready to Mine

The first love of all is Cripple Creek, but wherever gold is to be found some one will [illegible] to mine it. The desert of [illegible] of the fat home pasture for the barren [illegible] [illegible] in mining. It is here that the greater number is working and the more money and energy being spent to open new mines and here also the greater results coming.

Since the happy termination of the labor troubles in favor of the side that makes for prosperity and industry the vacant homes on the hills of the cities have again filled up until a house to rent is hard to find and those that are [illegible] are mere shacks. The little plants of mean men that had fallen into disuse have been bought up and [illegible] longer to be had second-hand. Mine [illegible] of idle territory are being besieged by applicants for leases.

The fortunes that have been made in the past year by lessees have created a leasing era and whenever the leasers [illegible] Cripple Creek is at its best. Such work means the opening of new mines, money making. Such a period means the uplifting of the camp and the effect will be to advance in price the stocks of the companies that own the ground on which the work is being done and the finds made.

GOOD OUTPUT FROM GRANITE PROPERTY

Production Amounts to About $50,000 Per Month and There Is an Abundance of Ore in Sight to Keep Up the Record.

Special to the Gazette

Cripple Creek, Sept. 5.—It is only a question of a few days until the Granite property on Battle mountain will be operated entirely under its own power. A new boiler and large compressor have been installed on the foundations [illegible] this property has had to depend on the [illegible] company for air to run their machine drills but now the compressor is in everything will run smoothly and the air will be made at the mine, reducing expenses and improving the property generally.

The Granite property is [illegible] a production of [illegible] of ore per day, ranging in value from [illegible] to three ounces, which means a monthly production of close to $50,000. That such an output may be maintained is evidenced by conditions at depth. The company has an ore body from the [illegible] width from six to 10 feet, so it is evident that the property has plenty of ore in sight for some time to come.

CYANIDE PLANT ON RED MOUNTAIN

SUCCESS OF THE SIOUX FALLS COMPANY'S VENTURE WILL RESULT IN THE ERECTION OF A SECOND MILL.

Special to the Gazette

Cripple Creek, Sept. 5.—Negotiations are pending between local people and New York capitalists for the erection of a large cyanide plant to be located on Red mountain, which if the deal goes through will make the second plant in operation in that end of the district. The local people have secured some [illegible] acres of property located near the old Gem [illegible] shipped considerable ore. The property is owned by A. E. [illegible] [illegible] and [illegible] H. Miller, a [illegible] attorney and Caleb Hall, a well known mining man, who have just perfected their title through a sheriff's deed.

[illegible] was broken by [illegible] considerable free gold and it is believed that it can be treated by a cyanide process at a very good profit, as there are immense quantities of the ore in that section.

The Sioux Falls plant, now in operation in that end of the district, is doing good work and making a good margin of profit.

EXTENSIVE DEVELOPMENT OF [illegible] PROPERTY

Special to the Gazette

Cripple Creek, Sept. 5.—An eastern syndicate of city [illegible] is seriously considering the reorganization of the Cameron Townsite Mining and Investment company. The new organization, it is understood, expects to spend in the neighborhood of $50,000 which will be put in the ground of the property owned by the old Cameron company.

There are three shafts to fair good [illegible] company in that section and if the organization goes through work will be resumed in all three of the shafts. The Cameron company [illegible] very valuable [illegible] the development work [illegible] new company there ought to be several new shippers.

INCREASED PRODUCTION FROM THE TRILBY MINE

Special to the Gazette

Cripple Creek, Sept. 5.—The Bayard Leasing company operating the Trilby on Bull hill have completed the work of sinking the shaft to the 6[illegible]-foot point. Cross-cutting has been started to cut the Trilby vein encountered some time ago from which a number of good shipments were made. The veins are exceptionally wide and in the upper levels where they were worked averaged returns of $30 to the ton, shipping the entire width of the veins.

Lately the Trilby mine has been outputting from two to four cars per week but from now on the shipping will be increased to [illegible] five to six cars per week.

TO RESUME SINKING ON THE LONACONING

Special to the Gazette

Cripple Creek, Sept. 5.—Lessees Russell and Sharp operating under lease the Lonaconing of the El Paso Consolidated company expect to resume shortly the work of sinking the shaft an additional 1[illegible] feet for the purpose of obtaining more stoping ground. The lessees are now taking the ore about 2 feet wide [illegible]

All the mines and properties worked by lessees in the district were closed the [illegible] participate in the labor day parade. Only pumpmen, firemen and engineers were on duty, these being absolutely necessary.

GOOD OUTLOOK BUT NO BOOM

HENRY CLEWS PREDICTS GOOD AVERAGE VOLUME OF BUSINESS THIS AUTUMN BUT NO BOOM.

New York, Sept. [illegible]—The weekly financial review of Henry Clews & Co. says:

The stock market has been strong and [illegible] which experienced [illegible] have yielded under [illegible] others either [illegible] be manipulated [illegible] the changes have been [illegible] the market fluctuations were chiefly the result of technical [illegible] as about a week ago [illegible], though not [illegible] free from unsettling conditions.

Crop reports continue the controlling factor in both financial and business circles. August is generally a month of deterioration, and [illegible] has its perils from frost. Thus far however the crops have escaped [illegible] injury. Corn is the most important crop and [illegible] the great bulk of it is now out of danger [illegible] that the prospect [illegible] for [illegible] crop [illegible] during August [illegible] the favorable weather [illegible] of the boll [illegible] the acreage is unprecedented and condition [illegible] the average [illegible] bumper yield. As for the food supply the government [illegible] notwithstanding [illegible] last year [illegible] destroyed [illegible] 2 per cent of the crop. The shrinkage in the wheat crop has been already [illegible] yield of [illegible] and [illegible] still within the range of possibility. This is the season for [illegible] [illegible] have proved exceedingly profitable to their speculative [illegible] [illegible] during the [illegible] the growing season. Up to date it is certain that we will have an abundance of all important crops except [illegible] serious scarcity of [illegible] just sure of a prosperous season.

Railroad managers are taking on a distinctly more optimistic spirit, the result of [illegible] of a good harvest. Current gross earnings show smaller losses than in the first half of the year and during the next three months traffic returns are likely to more nearly approach the record breaking figures of 1902. Quite a number of the larger railroads report important gains in net earnings owing to the economies which have been put into force. Many of the heavy expenditures of the last four years were for the distinct purpose of reducing the expense ratio, and net earnings should now show the benefits of this policy as well as from the stoppage of the special outlays which such improvements necessitated. American railroads as a rule were never so well equipped for handling a large traffic with economy as they are today, generally speaking they are in the soundest financial and physical condition in their history, a fact that must affect their value as investments, especially if traffic increases, as seems more than probable.

Business conditions seem fairly satisfactory, the outlook being for a good average volume of business this autumn, but no boom. One of the greatest hindrances to business activity has been the high level of commodity prices, another obstacle, the unsettled condition of the labor market. There are indications of a change for the better in both these respects.

New Carpets for Fall

HOME—That beautiful place home is the main thought once again. Now that the Fall and Winter months are upon us that dreadful house cleaning and replenishing time is at hand. Will there be new carpets to take the place of the old ones? Then there are the lace curtains. How about some of the draperies? There's so much to think of we want to jog your memory a little.

More than that we want you to see the new carpets and draperies we are showing. And if we may, perhaps can offer some helpful suggestions. There's a few important points concerning carpets bought here—They are facts that make Giddings' Carpet department stand prominently before the public.

It's the way the work is done, the varied variety to select from and the quality of the carpets handled. The corners must be matched and the work must be satisfactory before it leaves our hands.

BIGELOW AXMINSTER CARPET—the best wearing quality made, rich color combinations made lined and laid for $1 75

LOWELL BODY BRUSSELS—splendid and attractive colorings and patterns, made lined and laid for $1 50

STINSON'S AND SANFORD'S VELVETS—not the ordinary kind, but the best on the market made lined and laid for $1 25

TEN WIRE TAPESTRY—light and dark colors, Floral or Oriental designs, made, lined and laid for $1 10

Ready Made Clothes

We are not obliged to buy our garments at one or two wholesale houses, which is often the case, but have our unrestricted choice of the entire New York and Foreign Markets.

Not a garment is bought until every line has been thoroughly examined, then our order is placed for the choicest and best-valued garments to be had. Cash is paid upon their arrival here, therefore enables us to offer better values than can be found elsewhere.

COATS for evening wear beautiful creations, lined throughout with squirrel.

SUITS of every conceivable fashion, trimmed handsomely and made of all the new materials. A Fall favorite is the brown, blue or gray suit trimmed in the new onion shade.

COATS for all occasions, no matter what the style of the garment you seek, it's surely shown in our comprehensive exhibit. Prices range from $6 to $85

CHILDREN'S COATS in white or colors. Truly a display that is in every way matchless.

You are invited to examine our New Fall Goods.
